

# Reno Evening Gazette.

VOL. XXV.

RENO, WASHOE COUNTY, NEVADA, MONDAY, MAY 14, 1888.

NO. 42.

Look at me face and my hands—not a pimple. Such as you saw there some time ago, my fresh cheeks, and I'm getting a dimple. I don't look at all like I used to know. My face was all blotches—complexion. No wonder they thought me and called me a fright; one need have pimples and skin gray and sallow. If she'll take what I took, I've more, noon and night. I asked the old red young woman what she referred to, and she said, "Dr. Sage's ointment." Dr. Sage's ointment is the best beautifier in the world, because it purifies the blood, and pure blood gives good health, and good health is always beautiful.

Five hundred dollars reward offered for an incurable case by the proprietors of Dr. Sage's ointment.

**A Safe Investment.** Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised Drugists a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lung, Liver, &c., as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc., etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon. Trial bottles free at S. J. Hodgkinson's Drug Store.

**Save The Children.** They are especially liable to sudden Colds, Coughs, Croup, Whooping Cough, etc. We guarantee Acker's English Remedy a positive cure. It saves hours of anxious watching. Sold by

W. PINNIGER, Druggist.

**Sudden Death.**

According to the "Engineer and Mining Journal," one of the largest naphtha fountains, yet known, has lately broken at Lake, which threatens to inundate all Balakhami. The naphtha, owing to the pressure of the gases which accompany it, rises to a height of from 20 to 40 feet, and is carried away by the wind to a great distance, falling like fine rain at the more distant parts of the district, but near the fountain coming down in torrents that form rivers and streamlets. Further on it falls still, and settles in a layer on all the buildings in the neighborhood. These naphtha rivers flow for a distance of more than half a mile, and pass through wells, reservoirs, s, and inhabited houses, etc. Unfortunately, all the reservoirs in the neighborhood were full when the fountain broke out, and the oil was thus wasted. Owing to the stillness of the atmosphere, at one time the gases which accompany the naphtha spread in a heavy layer for more than 20 yards, filling the houses and placing their inhabitants in a most dangerous position, especially at night, when fires were lit. To prevent this, the people have built a fence around the fountain, so that it cannot get into the houses. The fountain is a hill of considerable size, and have built the boiler house of the mining company's works and all buildings in close proximity to the fountain. There is no doubt that my exposed flame would set the whole district from the mining company's works to the Sabonichini railway station in a blaze. Many efforts have been made to stop the spring, but all have as yet proved unavailing; for after five or six hours the fountain would again burst forth with all its former vigor. For some days the fountain has been left to play without hindrance, and has in reality given power. In consequence of a strong and changing wind setting in, the naphtha has been scattered in every direction, turning the whole district into a petrolium swamp. The naphtha pours from the roofs of the houses, on to which also fall the earth and stones carried up by the oil.

W. PINNIGER, Druggist.

**Buck's Arabic Nerve.**

The best salve in the world for cuts, burns, sores, ulcers, salt, rashes, fever, scurvy, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Hodgkinson & Co.

**Unnecessary Misery.**

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. However, figs were prepared to taste this different, and they will be found pleasant to the taste of women and children. Twenty-five cents at all drug stores. J. J. Mack & Co., proprietors, S. F.

**Many** Of the good things of life are sorrowfully let alone on account of Dyspepsia. Acker's Dyspepsia Tablets will cure Dyspepsia, Indigestion and Constipation; sold on a positive guarantee at 25 and 50 cents, by

W. PINNIGER, Druggist.

**An Absolute Cure.**

The ORIGINAL ABSINTHE OINTMENT is only put up in large two-ounce tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and all skin eruptions, and all kinds of piles. Ask for the ORIGINAL ABSINTHE OINTMENT. Sold by Osburn & Shoemaker 25 cents per box—by mail 20 cents.

**Babies** That are fretful, peevish, cross, or troubled with Windy Colic, Teething Pains, or Stomach Distress, can be relieved at once by using Acker's Baby Soother. It contains no Opium or Morphine, hence is safe. Price 25 cents. Sold by

W. PINNIGER, Druggist.

**Bert Will Tell.**

Was never better demonstrated than by Mr. Fryer, Absentee, who was awarded a premium in the late famous State Fair at Sacramento, and at Mechanic's Institute, San Francisco. Mr. Pinninger is agent for the celebrated "All in One" Remedy and his office is open to all men and ladies to receive your money if they do not give you a refund. In buying, be sure the familiar signature of Dr. Fryer is on each, as none are genuine without it.

**Don't** Trade with any Throat or Lung Disease. If you have a Cough or Cold, or the children are threatened with Cough or Whooping Cough, use Acker's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50 cents.

W. PINNIGER, Druggist.

**Cure for Piles.**

Stiching Piles are known by moistureick perception, producing a very disagreeable mole under the rectum. This is removed by the application of Dr. Bosanquet's Catarrh Remedy, which acts directly upon the part affected, and removes the disease in a few moments, and effecting a permanent cure. 50 cents. Address The Bosanquet Medical Co., Plano, Ill. Sold by S. J. Hodgkinson & Co., Reno, Nev.

Dr. Bo-Sar Me.

In his new discovery for Consumption succeeds in producing medicine which is acknowledged by all to be simply marvelous. It is exceedingly pleasant to the taste, and does not offend the palate. In all cases of Consumption, Coughs, Colds, Whooping Cough, Croup, Bronchitis, and Rinses in the nose, it has given a decided assistance. Dr. Bo-Sar Me's Cough and Cold Remedy. 10 and 50 cents by S. J. Hodgkinson & Co., Reno, Nev.

**Narrow Escape of a Coroner.**

A New York coroner narrowly escaped death from snaking at a bottle from which a woman suicide had taken prussic acid. He thus described his sensations to a New York Telegram reporter: "I passed the vial we found back and forth under my nose three or four times and got a good sniff of the acid. It had a sweet-almond flavor, pungent, an not at all disagreeable. Then I passed the bottle to Mr. Terriberry and he too sniffed. I noticed that he was growing pale. Then I began to feel faint and weak himself. Dr. Terriberry and I clutched each other and recited, which would have failed without the support of the other. I held on to him and called for fresh air. We were led to the door and down two or three flights of stairs. It was with the greatest difficulty that I drew my breath. My consciousness was perfect, but I had no control of my arms or hands or of my lower limbs. When I tried to step I raised my feet two feet from the ground, and when I tried to feel my pulse I could not use my hands; I noted that the blood had left the finger nails and that my hands were white as chalk. All through my body it seemed as though the blood was driving toward my heart. How I got to the drug store I don't know. A young man there said sulphate of magnesia was an antidote for prussic acid, but it isn't. I took the dose, however, and then was led to the police station. Captain Almirea prescribed briefly, and as he believes in large doses he gave me so much that I was drunk after taking it. I told Captain Almirea of my difficulty in breathing and told him to move my arms up and down. He lifted a window in the police station and worked my arms like a pump for a long time, causing an artificial movement of the ribs. Then I was sent to the Roosevelt Hospital, and a physician gave me a dose of carbamate of ammonia. In two hours I felt better and came home. I have been very weak since."

**A Remarkable Naphtha Spring in Balkan.**

According to the "Engineer and Mining Journal," one of the largest naphtha fountains, yet known, has lately broken at Lake, which threatens to inundate all Balakhami. The naphtha, owing to the pressure of the gases which accompany it, rises to a height of from 20 to 40 feet, and is carried away by the wind to a great distance, falling like fine rain at the more distant parts of the district, but near the fountain coming down in torrents that form rivers and streamlets. Further on it falls still, and settles in a layer on all the buildings in the neighborhood. These naphtha rivers flow for a distance of more than half a mile, and pass through wells, reservoirs, s, and inhabited houses, etc. Unfortunately, all the reservoirs in the neighborhood were full when the fountain broke out, and the oil was thus wasted. Owing to the stillness of the atmosphere, at one time the gases which accompany the naphtha spread in a heavy layer for more than 20 yards, filling the houses and placing their inhabitants in a most dangerous position, especially at night, when fires were lit. To prevent this, the people have built a fence around the fountain, so that it cannot get into the houses. The fountain is a hill of considerable size, and have built the boiler house of the mining company's works and all buildings in close proximity to the fountain. There is no doubt that my exposed flame would set the whole district from the mining company's works to the Sabonichini railway station in a blaze. Many efforts have been made to stop the spring, but all have as yet proved unavailing; for after five or six hours the fountain would again burst forth with all its former vigor. For some days the fountain has been left to play without hindrance, and has in reality given power. In consequence of a strong and changing wind setting in, the naphtha has been scattered in every direction, turning the whole district into a petrolium swamp. The naphtha pours from the roofs of the houses, on to which also fall the earth and stones carried up by the oil.

MONDAY..... MAY 14, 1888

Of all the political questions now most important and interesting to the American people and yet least talked about and discussed by politicians, says an eastern exchange, is the restriction of foreign immigration, although last year the subject was more or less referred to, but this year neither party appears to be particularly interested in the question and much less to incorporate it into their party platforms. There appears to be a kind of timidity in referring to the subject lest they may offend the foreign population already here. There is really no ground for such fear, as the opposition to foreign immigration is not against the intelligent, industrious, thriving foreigners, but against the poor and ignorant and vicious foreigners flocking to our shores. It is this class that is not only corrupting the morals of America's society, but thousands and tens of thousands are coming here ready to work at starvation wages or become a public charge as paupers in our infirmaries.

The Republican party advocates wisely the protection of the American laborers against the unequal competition of foreign half-paid labor and yet they have not thus far done anything to protect the American laboring men and women against these hundreds of thousands of this class that are filling our whole land with cheap laborers, who are willing to work at any price.

While a protective tariff tends to keep up the price of American labor, this free and unrestricted admission of foreign immigrants from all nations, of all conditions and degrees of intelligence and morality is the worst possible form of free trade. Free trade has some compensating, redeeming qualities, but free and unrestricted immigration has none. It is evil and only evil continually. It is to be sincerely hoped therefore that both political parties and certainly the Republican party will favor a wise and strong plank in their national platform on this subject of restricting foreign immigration.

It is said by some that it is uncharitable in us thus to exclude these foreigners from our shores. But there is a limit even to charity; we could receive a certain number of foreigners and assimilate them to our society and to our institutions, but there is such an overwhelming number rushing to our shores and many so depraved in character and so totally ignorant that instead of being able to reform them and make good American citizens out of them, they demoralize our people and our society so that we are greatly injured and they are made no better. It is therefore, we maintain a destructive suicidal policy for our government thus to allow foreign immigrants to come in upon us unrestricted. While it will be an advantage to us and to them to allow certain classes of foreigners to come in but the vast majority should be rigidly excluded.

**THE BRAZILIAN HOUSE OF DEPUTIES** has passed a bill for the immediate abolition of slavery. The success of this measure will close a contest which began in 1851 with an attempt to stop the slave trade. The traffic was finally suppressed in 1850, and in 1871 the law for the gradual abolition of slavery was passed. The Emperor, Dom Pedro, who is now dying at Milan, has been a steady advocate of abolition within the limits fixed by temporary political and industrial necessities, but opposing interests have delayed the result.

**WIGGINS** has predicted an earthquake in California and Nevada between now and October. He would be quite safe to predict a dozen provided he did not specify the amount of energy displayed by our little tremors. The Canadian government has told Wiggins to stop his nonsensical prophecies on pain of dismissal from his official position, but probably it permits him to speculate on so distant a region as the Pacific Coast, as a sort of safety-valve for his prophetic afflatus.

**NEW ZEALAND** has found the same difficulty in restricting the Chinese that we have met with. The fact that most of the Chinese come from the British port of Hongkong and claim to be citizens of the island of Victoria has rendered nugatory all efforts at restriction. All the Australian colonies will unite in a note to the Secretary of State for the colonies asking him to regulate the state of affairs at Hongkong. This will benefit us also.

## OVER THE WIRES.

### A DEADLOCK.

**The Tennessee Democracy Still Without a Gubernatorial Candidate.**

**NASHVILLE**, May 14.—The State Democratic Convention resumed its session this morning, but adjourned without being able to agree on a candidate for Governor. The last ballot taken to-night before the adjournment Monday was as follows: Taylor 883, Tousdale, 650, McRae 102. It took four hours talk and figuring for the convention to reach this ballot, only one being taken at the evening session. On the previous ballot McRae had 1,000 and Tousdale 885. The managers of the last two candidates, voted solidly for adjournment. Taylor's friends affect to feel confident that their man is going to win.

### Out of Luck.

**DENVER**, May 14.—Charley Pierson, one of the owners of the Arcade gambling-house, on Thursday night dropped \$61,000 in a bar, one of his assistants being behind the box. He played from 6 o'clock in the afternoon until 2 o'clock in the morning. He started in with blue chips at \$10, and at midnight was investing yellow ones at \$100. He lost from the star, but at 2 o'clock recovered \$40,000 in two deals. His luck turned around and when he got up from the table he was out \$61,000 money, his interest in the house and a big ranch.

### A Convict's Escape.

**RAYMOND**, May 14.—The Deputy Sheriff of Los Angeles, having in charge two prisoners for San Quentin, lost one at Berendo this morning. He slipped off the shackles and skipped. The prisoner's name is Welch, and the crime for which he was convicted is grand larceny. The officer was one hour behind hunting for a horse. The other prisoner is safe. When the train left the escape was out of sight.

### A Determined Sheriff.

**ST. HELENA**, May 14.—Sheriff Harris is making determined efforts to secure evidence that will lead to the conviction of the parties who lynched young Wright here recently. He has all the names of the parties, and will do all in his power to bring them to justice.

### TELEGRAPHIC BREVITIES.

All the Australian colonies have agreed to hold a conference on the question of Chinese immigration.

Bismarck utterly repudiates the peace predictions placed in his mouth in connection with his recent interview with Carl Schurz.

Advices from Texas say large numbers of cattle are dying in Cooke and Montague counties from a plague which broke out two weeks ago. The animal's throat swells, choking it to death in a few hours.

A large number of prominent Democrats are pushing the nomination of Charles Derby for Vice-President in opposition to Governor Gray. Ex-Senator McDonald is said to have worked up the movement.

The Albany (N. Y.) Republican Congressional District Convention Saturday strongly endorsed Dewey for President. The Syracuse District Convention was controlled by Senator Hiscock's friends, and mildly endorsed Blaine.

### All Aboard for the Convention.

Among the prominent departures for Winnebago this morning were Governor C. C. Stevenson, ex-Governor Kinkead, Hon. C. S. Young, Hon. T. B. Rickett, Editor Sam Davis, Colonel Hub Parker, Hon. John M. Dorner, Colonel George C. Thaxter, Private Con. Ahern, Judge Murby, Judge Leonard, Hon. H. F. Bartine, Hon. W. C. Doyne, Hon. Leoold Steiner, Hon. Thomas Wells, Editor J. M. Campbell and a carload of others less prominent in political circles. When the train bearing its burden rolled out of the depot there was a noticeable rise in real estate hereabouts, and it was found necessary to plant a few Carson Index-Union and Tribune editorials in Powning's addition in order to preserve the equilibrium of the State. These, with the weight of State Treasurer Tufty, who is doing nobly in Carson City, and Ed. Hardin, who is doing equally well for his State here in Reno, will, it is thought, be sufficient to avert a serious catastrophe.

### Tough Customers.

This afternoon Officer George Mershon arrested two drunken individuals who had gained an entrance to a vacant house of prostitution on Douglas Alley, and at the time of the officer's appearance they were endeavoring to force open a door leading to an adjoining house. They are both tough customers, and considerable force had to be used in taking them to jail. One in particular was very aggressive and the "nippes" had to be placed on his wrists before he would move a step. They are strangers here, and their names were not learned.

### He's No Dude.

Ed. Hardin, the leading aspirant for the Democratic Congressional nomination, arrived from Mason Valley last night looking like a bloody pirate of the roaring main or an Arizona cowboy. He carried a shotgun under one arm and over the other a wicked looking rifle, and meekly following at his heels was a handsome hunting dog. What his visit portends is only a matter of conjecture, but if he appears at the Democratic Convention in his accoutrements of war he will receive the nomination by acclamation.

A Bradford man advertises himself as a "free-lance" fish dealer. His acquaintances say the announcement was unnecessary.

Why suffer with bleeding, ailed teeth? Dr. Fryer's Abetone Cough Balsam is guaranteed to give immediate relief in Croup Whooping Cough, Bronchitis and all afflictions of the throat. Price, 75 cents, sold by F. F. Fryer. All genuine Abetone Balsam is sold under the facsimile signature of Dr. F. F. Fryer.

## POLITICAL POINTS.

**Advice to the Republican State Convention.** "Nominate a winner."

It is stated that A. C. Cleveland has positively declined to be a candidate for Congress on the Republican ticket.

**C. H. Sproule of the Elko Free Press** is spoken of as a candidate on the Republican ticket for regent of the State University.

**Mr. Bowers**, the Washoe senator, proposes that some day Senator Stewart will be elected President of the American ticket.

The name of T. B. Rickett is mentioned for Governor. The Carson Apportionment is: "Were Rickett pitted against Crowley he would sell every steer on his ranch before he would go down."

John B. Gallagher of Esmeralda county is mentioned as a Repub. canidate for the nomination for Congress. If he should be nominated "Let her go, Gallagher," would doubtless be the slogan of his friends.

**Mr. C. S. Young**, candidate for Congress on the Republican ticket, has been at the capital since yesterday morning, and judging from his being seen in company of the political leaders of Ormsby county, he must be in good earnest to his candidacy.

**Carson Tribune**—The Great East is trying to complete its affairs favorably to Woodburn for the Supreme Bench, by bringing out ex-Governor Kinkead from Humboldt to run for Congress, and thus weaken Judge Leonard's chances in his own county of Humboldt.—*Carson Index-Union*.

No man ever wrote a poem who dedicated it to slavery. No intelligent American workingman ever knowingly appended his name to a petition for the passage of a measure to reduce him to the level of a European or African slave.—*Extract from Woodburn's speech*.

While the present Board of Regents, although State officers, have performed their duties without fault or favor and with exceptional ability, in the long run the *Journal* believes that the officers of Regents should be divorced as far as possible from everything pertaining to sectarianism or politics.—*Reynolds Journal*.

The *Boys* are thinking seriously now of modifying the programme by nominating M. A. Murphy instead of William Woodburn for the Supreme Bench. Woodburn's telegram isn't received by the *Journal*, and the *Boys* are little relieved about the amount of money they will have to put up in November.—*Carson Index-Union*.

It looks don't think that the honorable alphabetical Hardin will make a heavy fight for the Democratic Congressional nomination they are at fault. It is now the cattle kings vs. the C. P. R. R. and the beef men will surely win. Mr. Hardin is a bright young gentleman and if he defects George Gray will be the man to take a first-class man to defeat him on election day. It is said Cassidy is a hard man to beat, but Hardin is a harder one.—*Carson Tribune*.

**TELEGRAPHIC BREVITIES.**

All the Australian colonies have agreed to hold a conference on the question of Chinese immigration.

Bismarck utterly repudiates the peace predictions placed in his mouth in connection with his recent interview with Carl Schurz.

Advices from Texas say large numbers of cattle are dying in Cooke and Montague counties from a plague which broke out two weeks ago. The animal's throat swells, choking it to death in a few hours.

A large number of prominent Democrats are pushing the nomination of Charles Derby for Vice-President in opposition to Governor Gray. Ex-Senator McDonald is said to have worked up the movement.

The Albany (N. Y.) Republican Congressional District Convention Saturday strongly endorsed Dewey for President. The Syracuse District Convention was controlled by Senator Hiscock's friends, and mildly endorsed Blaine.

**ALL ABOARD FOR THE CONVENTION.**

Among the prominent departures for Winnebago this morning were Governor C. C. Stevenson, ex-Governor Kinkead, Hon. C. S. Young, Hon. T. B. Rickett, Editor Sam Davis, Colonel Hub Parker, Hon. John M. Dorner, Colonel George C. Thaxter, Private Con. Ahern, Judge Murby, Judge Leonard, Hon. H. F. Bartine, Hon. W. C. Doyne, Hon. Leoold Steiner, Hon. Thomas Wells, Editor J. M. Campbell and a carload of others less prominent in political circles. When the train bearing its burden rolled out of the depot there was a noticeable rise in real estate hereabouts, and it was found necessary to plant a few Carson Index-Union and Tribune editorials in Powning's addition in order to preserve the equilibrium of the State. These, with the weight of State Treasurer Tufty, who is doing nobly in Carson City, and Ed. Hardin, who is doing equally well for his State here in Reno, will, it is thought, be sufficient to avert a serious catastrophe.

**DR. PRENTICE'S BUSINESS** in Reno has increased to such an extent that it is not possible for him to leave, consequently he has extended his stay one week more, until Monday, May 14th. Persons affected with cross-eyes, deafness and deafness should take this opportunity and get cured while there is yet a chance. Dr. Prentice will remain in Reno until Monday, May 14th.

**A SENSATION.**

Yesterday several of the leading citizens of Reno assembled at Dr. Prentice's office in the Lake House (Riverside Hotel), Reno, to satisfy themselves about the truth of the so-called wonderful operations. One of the operations that Dr. Prentice performed in the presence of these gentlemen was straightening the crooked eyes of Mr. Bishop. His eyes had been crossed twenty-two years. The patient seated himself in a chair and in thirty seconds after Dr. Prentice touched the eyes they were perfectly straight, to the delight of the patient and admiration of the spectators. The local of this paper has witnessed several of these wonderful operations that Dr. Prentice has performed.

**YOU WILL NEVER MISS THE WATER TILL THE WELL RUNS DRY.**

On his return from his recent extensive tour through Europe, Dr. Prentice brought with him many valuable remedies used in the fast east for the treatment of the eye, ear, nose and throat.

Wednesday night at 8 o'clock sharp, Subject.

## The Justice's Court.

Judge Borman of Verdi "is doing quite well," and to-day disposed of five cases which were brought before him in Justice Young's court for judicial action. They were as follows.

John Singleton, the silver-haired landlord of the Opera saloon on Plaza street, plead guilty to having assaulted Miss Minnie Smith and paid a fine of \$10.

D. Lane and J. H. Emerson plead guilty of vagrancy, but were discharged upon their promising to leave town. When last seen they were going in the direction of the "gas" paradise—Carson.

Indian Charley plead guilty to being drunk and disorderly and was sentenced to ten days' imprisonment.

Thomas McCann and John Donavan plead guilty to being drunk and disorderly and were each fined \$10, which they were only too glad to pay.

Miles Sharkey, of Sierra valley, tried to take in the town yesterday, and was assessed \$8 for being drunk and disturbing the peace.

**RENO ELECTRIC LIGHT COMPANY.**

At the annual meeting of the above company Saturday the following Trustees were elected for the ensuing year: F. S. Holt, W. J. Luk, B. C. Maris, E. G. Stevenson, J. L. Stevenson. The Board meeting afterwards elected F. C. Holt, President; B. C. Maris, Vice-President; J. L. Stevenson, Secretary and Manager; First National Bank, Treasurer.

Why abut and suffer with a cold, when you can have a warm, comfortable home, with a fire burning in the fireplace, and a good meal prepared for you by your wife?

## JOTTINGS.

Change of fortune—dollar bills. Fine job work a specialty at the Gazette job office.

The carpenter is a plane sort of a fellow. No hotel proprietor is a hero to his head-waiter.

Fine custom work a specialty at Leeper's harness shop, Sierra street, Reno.

The famous Studebaker farm wagon, all sizes, at J. T. Longabaugh's, Reno, Nevada.

Examine Bergman's extensive stock of summer suits before purchasing elsewhere.

In eggs and butter alone, the price of a daily gold-sized piece of Atkison's can be saved.

"Is skin painting injurious?" asks an exchange. Well, Miss. Disdebar probably thinks so by this time.

Matured Thisle. Dew whisky for medicinal purposes, in quantities to suit at W. Pinniger's drug store.

"Here are a few extracts from my recent work," remarked a dentist, exhibiting a number of old molars.

Hats and bonnets stylishly trimmed and all millinery orders promptly filled at Miss Gibbs', Virginia street.

When the new penalty for murder shall go into operation the favorite hymn will be, "I'm going home to dynamo."

J. J. Becker's nice hot lunches are a great convenience to those who reside some distance from their places of business.

A yelping mongrel dog belonging to the wife of almost any red man might be appropriately referred to as a squaw-cub.

Violins, guitars, banjos, violin bows and an extra variety of strings for all three of the above instruments at C. J. Brooks'.

There is one respect in which the typewriter excels. It is the prettiest machine in the world to make "p" out of.

The choicest reading matter to be had in town is being carried by G. A. Thurston. He is also expert for all the leading San Francisco daily papers.

Bowed is the man without influence, for he shall not be required to recommend those unknown to him for political positions.

The stocks are low, but W. M. Haynor still carries the most complete stock of groceries in the market. Drop in his store and take a look at things.

A woman wearing a handsome seal-skin sash is enough to make another woman cast furtive glances at her.

Remember the sale of live stock at Con's ranch two miles from Genoa. To-morrow and the following day a large number of horses, fillies, mules and cattle will be offered at auction. The animals are in first-class condition, and will be sold without reserve.

## Never Give Up.

If you suffer with asthma, or any other disease of the throat or lungs, nothing can surprise you more than the rapid improvement that will follow the use of Santa Abe. If you are troubled with asthma, and have tried other medicines, you will be unable to express your amazement at the marvelous and instantaneous curative powers of California Cat-R-Cure. These remedies are not secret compounds, but natural productions of the Earth. Sold in glass packages, for \$2.50, and guaranteed by Osburn & Shoemaker.

## NEWS FROM THE RANGE.

HOW CASTLE IN THE GREAT EAST ARE FARING—AN UNPRECEDENTED LOSS.

REGULAR CORRESPONDENCE GAZETTE.

ELKO, May 12, 1888.

EDITOR GAZETTE.—The long silence of your correspondent has been from the fact that little could be said during the past month that would be new or of general interest to the many readers of the GAZETTE, particularly in regard to the stock interest of Eastern Nevada. To obtain substantial facts and reliable results it was first necessary that the ranges should be examined by the major-domos with their respective crews of cowboys to ascertain the condition of their stock and what wrecks and ruin old Winter had accomplished from December to May. April has always been considered a trying month upon stock even if it be as pleasant as the past one has proved to be in this locality. Old cows that have reached from twelve to fourteen years of age and young helpers with their first calves reach, during this month of each year, a crisis of depletion of strength and vitality, and their loss is often great during the calving and early sucking period—say from the middle of March to the first of May. This period is also a critical one with other kinds of stock, particularly sheep, as it encloses the lambing period. So far as any information extends from inquiry and interviews with stockmen or from foremen of their several bands, I find that stock that has wintered south of the railroad in southern Elko and northern White Pine counties, taken as a whole, is satisfactory in the holdovers, all things being considered. The percentage of loss among small holders is much less than was anticipated the latter part of last winter, and for the very good reason that this class of stockmen seem to have been better prepared with hay and shelter and were so situated as to be able to give their stock a personal supervision during the inclement season. I learn from inquiry that the greatest mortality during the present spring has been among the stock that were fed and sheltered up to the first and middle of March, and then turned out to provide for themselves. The regular range stock seems to have passed through not only the winter but April and March in better condition and with less loss than those fed and sheltered to early spring. Experience of past few winters have clearly proven one fact and that is, if you commence to feed your stock you must continue to do so through the entire winter and including the month of April, unless your locality be visited with a very early and favorable spring.

I am informed by the foreman of Scott & Co. that their several large bands in southern Idaho and northern Utah, with a bunch in Mountain, have wintered well and passed through the spring ordeal in fine condition. Their loss among the several immense bands will hardly reach the usual average and the crop of calves will be large. But the firm have been wintered in the vicinity of their home ranch, some ten miles southeast from Haile Station, notwithstanding every care was taken and every precautionary means adopted in the way of feeding and sheltering all of the stock that seemed to need assistance. The foreman, Milt Polk, and his able Lieutenant, Mr. Griswold, with their crew of cowboys, were in their saddles almost night and day, including Sundays, driving over their range gathering up such stock as needed feed and care, yet the loss has been considerable over the average. The greatest mortality occurred during the latter part of March and during the month of April.

The State Capitol has been insured for \$125,000—\$100,000 on the building and \$25,000 on the library and furniture.

It is rumored that there will shortly be another change in the running line of trains on the Central Pacific railroad.

A fire at Wells Thursday night destroyed the frame building occupied by Peter Holm, a saloon-keeper. Loss, \$4,000; no insurance.

The Indian murderers of Plute Tom, killed in Mason valley recently, have not yet been arrested. It is reported that they are on the reservation.

A man recently died a natural death in Lundy, and it cast a gloom over the place. The taking off of thirty six men by shooting and stabbing cast no gloom.

D. P. Tarpey (Dundalk), brother of M. F. Tarpey the Democratic politician of California, passed through Reno this morning for Corinne, Utah, where he has large land interests.

The friends of Sergeant L. G. Loomis, a former resident of Reno, will be pleased to hear of his promotion to the position of Captain of the Los Angeles police force.

The Twilight Minstrels will give their first performance at the Nevada theater on the evening of the 18th instant. Reserved seats, 75¢-85¢; general admission, 50 cents. Box-seat at Davis' cigar store.

Pastmaster Hagerman departed for the east Saturday evening. He will be absent about one month, and will visit Washington to pay his respects to the President and will also pay a flying visit to "Old Virginia."

Steve Gage of the Southern Pacific was observed by all observers at the Depot this morning. He stated that his destination was Salt Lake, but knowing one assert that he will rest for a day or so at Winnemucca.

S. C. Call: Mrs. Tolby of Tuscarora, mother of the young man who died in the line of prisoners at the Folsom State Prison, visited him at the County Jail Wednesday. Tolby is at times rational, but in error shows signs of insanity.

Bon Palmer, a colored man and a prominent farmer of Douglas county, is a delegate to the Winnemucca Convention. He is a man of heroic proportions, very intelligent, and enjoys the distinction of being the first colored man elected in Nevada as a delegate to a State election.

El. Northrop is now the happy daddy of a ten-pound baby boy, which arrived "right side up with care" yesterday. Ed. is so proud and happy over the event that he can't tell silk from calico to-day, but his employer has given him hopes of his recovering his mental balance before the end of the week.

There is one respect in which the typewriter excels. It is the prettiest machine in the world to make "p" out of.

The choicest reading matter to be had in town is being carried by G. A. Thurston. He is also expert for all the leading San Francisco daily papers.

Bowed is the man without influence, for he shall not be required to recommend those unknown to him for political positions.

The stocks are low, but W. M. Haynor still carries the most complete stock of groceries in the market. Drop in his store and take a look at things.

A woman wearing a handsome seal-skin sash is enough to make another woman cast furtive glances at her.

Remember the sale of live stock at Con's ranch two miles from Genoa. To-morrow and the following day a large number of horses, fillies, mules and cattle will be offered at auction. The animals are in first-class condition, and will be sold without reserve.

valley, who have large interests in stock.

OUR SHEEP INTEREST HAS FARED LITTLE OR BETTER THROUGHOUT NORTHERN WHITE PINE AND SOUTHERN ELKO COUNTIES, EXCEPTING E. C. HARDY, WHO IS ONE OF THE LARGEST SHEEP-RAISERS IN EASTERN NEVADA, AND HAS A FINELY SITUATED RANGE; HENCE HIS MEAGER LOSS DURING THE PAST WINTER AND SPRING.

I AM INFORMED BY ASSEMBLYMAN GRISWOLD, WHO RESIDES IN RUBY VALLEY, THAT THE CATTLE BELONGING TO GRISWOLD BROTHERS HAVE DONE EXCELLING WELL DURING THE PAST WINTER AND PRESENT SPRING, WHICH IS Owing to the fact that they had sufficient time to feed them up to about the 1st of May, but they are fearful that their loss of brood mares will be unprecedented. They turned out last fall upon their old winter range 163 mares in good condition, but up to the present time they have been unable to find but fifty head. They have scoured the range from one end to the other, as well as other neighboring localities, for the past month or more, and fifty is all they have been able to round up. They, however, still entertain hopes of finding more during the general round-up in June and July. The loss sustained thus far by these brothers is over fifty per cent, something unheard of in the history of stock-raising.

AMERICAN.

## 250 BEAUTIFUL LOTS FOR SALE!

From \$200 to \$600!

### A Rare Chance for Investment and a Home.

#### THE MOST LOVELY PORTION OF RENO.

FACING THE TRUCEE—THE ARISTOCRATIC RIVERSIDE AVENUE DRIVEWAY—SPLENDID SEWERAGE—HEALTHFUL LOCATION AND SAFE FROM FIRE.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town, this addition faces the beautiful Truckee River, and Riverside avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is, it is more exempt from fire than any other section. The regular lots are 60x140 feet. The sewerage is perfect.

Before buying elsewhere, parties will do well to look at these lots.

### AYER'S HAIR VIGOR

#### No More Bald Heads.

Restores the color, gloss, and youthful freshness of the hair; stimulates a rich and luxuriant growth; thoroughly cleanses the scalp; prevents dandruff and humors; and is the most cleanly and effective preparation for the hair ever offered to the public. Rev. J. W. Davenport, Illinois Bend, Texas, writes: "Ayer's Hair Vigor, used in my family for several years, has no equal as a dressing, nor for preventing the hair from falling out or turning prematurely gray. It ranks among the first luxuries of our house." Miss Kate Rose, Peterborough, Ontario, writes: "While keeping my head clear of dandruff, and preventing bald head, Ayer's Hair Vigor has also caused my hair to grow luxuriantly, resulting in my now possessing hair forty-two inches long, and as thick as could be desired." The wife of Dr. V. S. Lovelace, Lovelaceville, Ky., had very bad tetter sores upon her head, causing the hair to fall out. Ayer's Hair Vigor healed the sores, and in less than twelve months produced hair a foot long.

PREPARED BY

### Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thou and oil-like tubes and cavities leading from them.

When these are clogged and choked with mucus which ought not to be there you cannot expect to have their work. And what they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of these—and nose—and head and lung obstructions. There is but one way to get rid of them. That is to take Mrs. Hoechenton's Syrup, which any druggist will furnish in 75 cent bottles, even if they never have had a bottle sold to them before.

Cure for Mrs. Headache.

Go to S. J. Madelonier & Son, the druggists, and get a free sample. For Gunpowder Pill Box, Will cure sick Headache the first night, cost for 50 cents. Salve—will cure all sorts of skin diseases. Face wash—cost for 25 cents a box.
